Respected Sir,

With due respect and humble submission, I would like to state the following few lines for your kind consideration and necessary action.

My name is Dr. Ivan J.F. Vas. **I was born and brought up in Chickmagalur, Karnataka.** Till graduation I studied in Karnataka. My last posting was as Principal at Delhi Public School, Jorhat, Assam. A brief resume, detailing education, relevant job experience and achievements is furnished along with the application for your kind perusal and positive consideration.

I have been in the field of education for the past 23 years. I am a person of positive character, sincere, hardworking and talented in various fields. As a Principal it's not only the school administration that I get involved but overall development of all the stakeholders is my area of interest. Basically, I am a teacher and so I believe that a teacher is not a person who knows everything but one who learns and facilitates teaching-learning process. Today knowledge is available at the tip of the fingers. The need of the hour is to help our children to use it judiciously.

I am looking for a place where I can utilize my talents to build human personalities and also to develop my own experience. If I am given the opportunity to be a part of your great institution, I promise to involve myself fully to build the future of the students and also of your institution.

Over two decades of my experience in the line of education apart from teaching I have worked as **Examination in Charge, CBSE Coordinator, House Master, Presiding Officer, Principal, Resource person for CBSE COE Guwahati for capacity building programme** and various other responsibilities. I have an energy, enthusiasm and openness of vision, which will be vital in the development of a school and student in particular.

I believe in all round development (physical, mental, emotional and spiritual) and not just academics. I am supportive and helpful to my teaching and non-teaching staff but also quite clear what I want from them.

Thanking you,

Sincerely yours

Dr. Ivan J F Vas

**Email** : [aiveevas@gmail.com](mailto:aiveevas@gmail.com), [iifvas@gmail.com](mailto:iifvas@gmail.com)  
**Passport No** : **E048119**  
**Driving License No** : **2562/PP/91**

I was born and brought up in **Chickmagalur, Karnataka**. Being the second son among the five siblings I grew up with my family supporting me in all measures. Growing up with two brothers and two sisters brought in the balance with which i am living my life today. My Father being a government employee and with a transferable job would move from place to place. Moving with him from place to place helped me to inculcate the habit of acceptance and adaptability to any situation.

I had my education from private (convent) as well as government schools and whatever I am today is due to the support of my teachers.

I began my teaching career from Nagaland. I began teaching in a village school and gradually moved out to bigger school in the urban area. Being passionate and dedicated to education along with a genuine interest in enabling an enjoyable, rewarding and positive learning experience for students I have tried my best to make learning an interesting journey.
